

A man in a blue uniform and yellow safety vest is walking on a balcony, holding a thermal camera. The balcony has a white metal railing and several potted plants. The background shows a building with a patterned wall and a window. The scene is brightly lit, suggesting daytime.

Thermal Catch

Hidden water seepage, how do you find it?

One scan with infrared,
the hidden appears.

The seepage spot,
exposed instantly.

**With clear evidence,
there is no denying.**

A woman with dark hair tied back, looking down with a worried expression at a piece of paper she is holding. The paper has the text 'Investigation Fee \$XXXX' printed on it. The background is a blurred indoor setting with a window and some furniture.

Investigation Fee
\$XXXX

The notification letter arrives. What's your next move?

Delaying it day by day?

Delay too long, and you bear the cost.

One scan with infrared, seepage has nowhere to hide.

自付調査費
\$15,000.00

Ignore the letter, and you pay the price!
