

An aerial view of the Hong Kong skyline at sunset. The city is densely packed with skyscrapers, including the prominent Bank of China Tower and the International Finance Centre. The Victoria Harbour is in the foreground, with several ferries and a Ferris wheel visible. A glowing, golden thread starts from the bottom left and curves upwards, passing through the city and ending near the top of the frame. The thread is the primary focus, symbolizing a connection between the world and the city.

SCENE 01: The Origin

DIRECTOR'S NOTE: Maintain bright, hopeful natural light. Do not let the shadows of the skyscrapers feel heavy or dark. The thread is our primary, luminous focus.

VOICEOVER: Starting from Victoria Harbour, a single thread, connecting the world.

SCENE 02: The Artery

DIRECTOR'S NOTE: Match-cut transition from the skyline to the bridge. Ensure the truck and bridge look pristine and well-lit.

VOICEOVER: Across the bridge, freight never stops.

SCENE 03: The Blueprint

DIRECTOR'S NOTE: Keep the factory looking immaculate, optimistic, and high-tech. The thread's transformation to an ultra-fine strand visualizes precision.

VOICEOVER: Designs land, Hong Kong creativity instantly becomes reality.

SCENE 04: The Solution

DIRECTOR'S NOTE: The splitting and merging of the thread is the key visual hook here—representing synthesis and resolution of chaos.

VOICEOVER: No matter the challenges, the thread always finds a way to smooth things out.

SCENE 05: The Global Reach

DIRECTOR'S NOTE: The color shift to silver must feel premium and organic. Avoid any harsh shadows in the exhibition hall; keep it glowing and optimistic.

VOICEOVER: Across the oceans, even the aroma is delivered.

SCENE 06: The Handshake

DIRECTOR'S NOTE: Capture genuine human connection. The pulse of light at the high-five should feel like a burst of pure optimism and success.

VOICEOVER: On-site deals, zero time difference.

SCENE 07: The Expertise

DIRECTOR'S NOTE: The office lighting must be exceptionally clean, bright, and optimistic to convey elite professional trust.

VOICEOVER: Terms explained, instant video access.

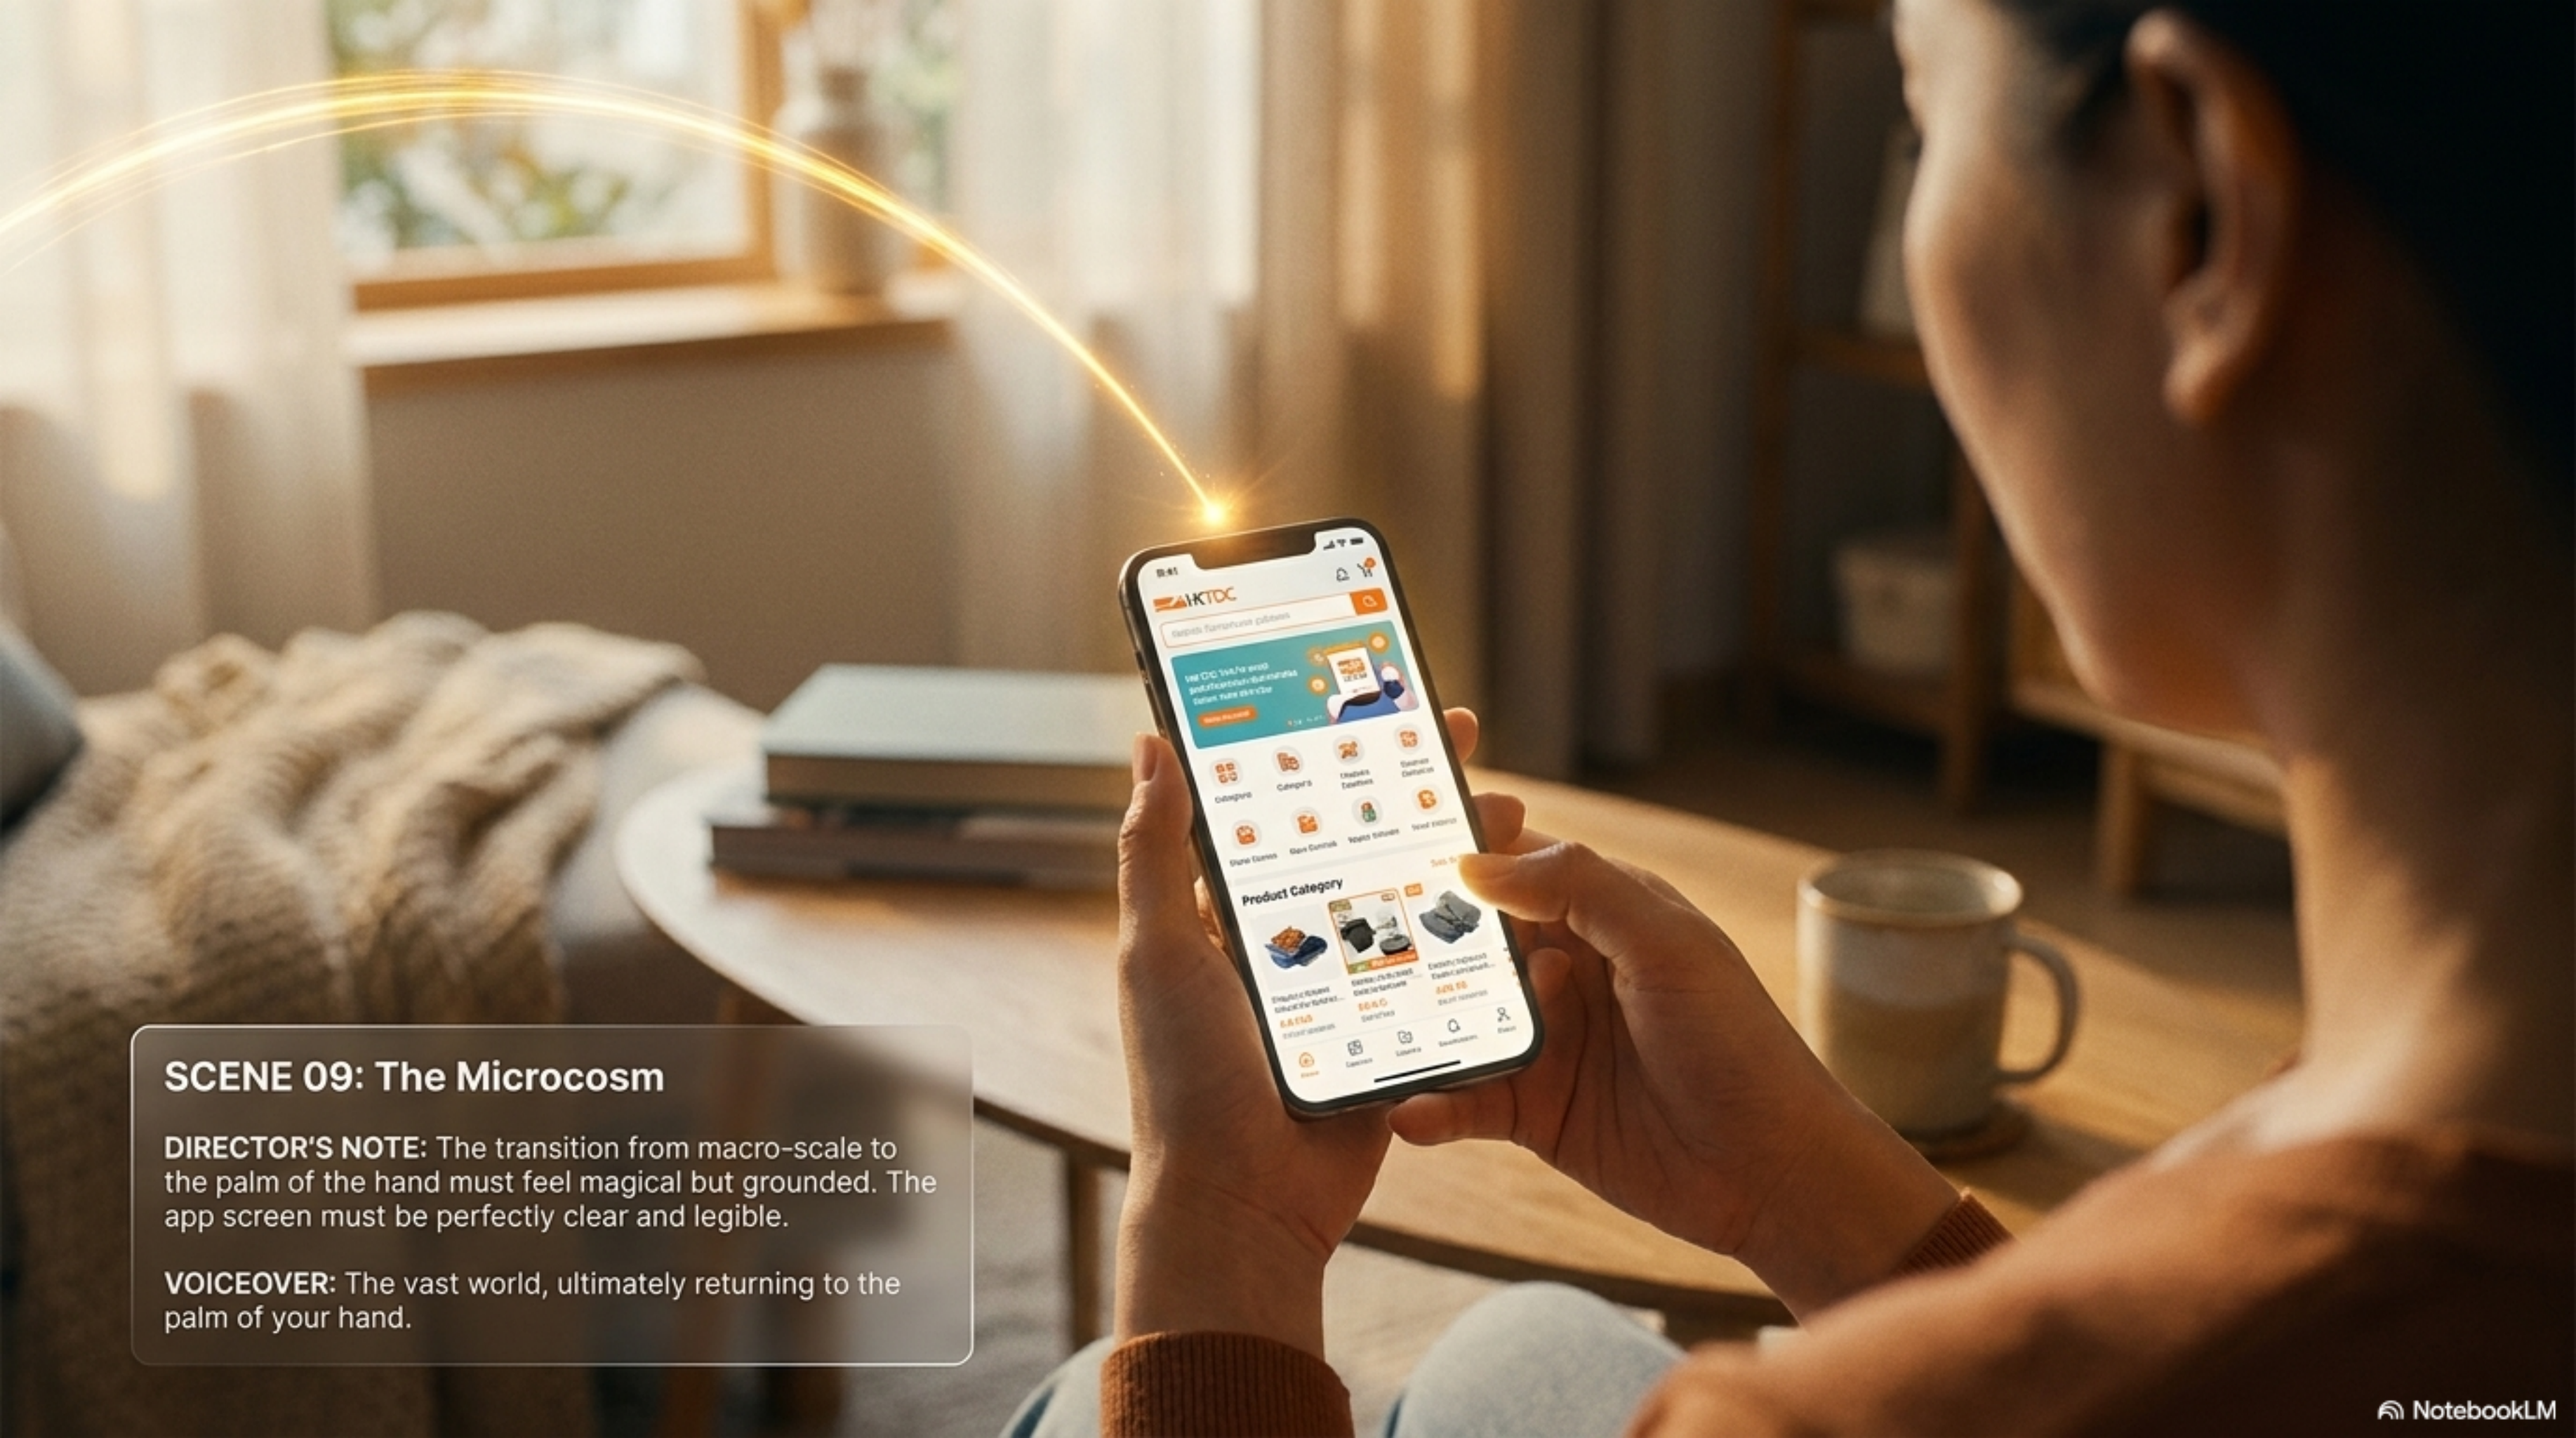

SCENE 08: The Pulse

DIRECTOR'S NOTE: Minimal electronic pulse in the audio track should sync perfectly with the visual heartbeat of the thread. Keep the color grade warm and amber.

VOICEOVER: People, goods, information, flowing daily.

SCENE 09: The Microcosm

DIRECTOR'S NOTE: The transition from macro-scale to the palm of the hand must feel magical but grounded. The app screen must be perfectly clear and legible.

VOICEOVER: The vast world, ultimately returning to the palm of your hand.

SCENE 10: The Dragon

DIRECTOR'S NOTE: Despite the black background, this is the brightest, most visually triumphant frame in the deck. The dragon is a source of pure, radiating optimism.

VOICEOVER: A single thread, from Hong Kong, around the world, back to your home.

A large, glowing golden dragon composed of sparks and embers is shown in mid-flight, arching over the Hong Kong skyline at night. The dragon's body is made of a dense trail of bright yellow and orange sparks, giving it a sense of movement and power. The background features the illuminated cityscape of Hong Kong, with various skyscrapers and the Victoria Harbour visible. The overall scene is vibrant and dynamic, with the warm glow of the dragon contrasting with the cool blue and white lights of the city.

HKTDC — Super Connector HKTDC，超級聯繫人

SCENE 11: The Super Connector

DIRECTOR'S NOTE: The night view must feel electric, vibrant, and alive. The golden embers provide a continuous warm, tungsten-like wash over the cool city lights.

VOICEOVER: HKTDC, Super Connector.

SCENE 12: The Fade

DIRECTOR'S NOTE: Hold on the beauty of the city. The fade to black should be slow, peaceful, and deeply satisfying.

VOICEOVER: (Ambient city and water sounds)

A Golden Thread

一條金線

SCENE 13: End-Card

DIRECTOR'S NOTE: Utterly clean and corporate. This confirms the authority behind the creative vision.

VOICEOVER: (End card, organizer attribution)
